Language of the Radiology Report

College of Radiology) standard for communi-cation [3] provides only brief common sense guidelines for the wording of reports The major reason that most residents re-ceive little or no formal instruction in dictat-ing is the lack of consensus about what constitutes a good report [4] My own efforts at teaching this subject to residents are con-

Comprehensive Diagnostic Radiology Documentation Overview

- Radiology reports are the source documents that support all coding for the professional component as well as the technical component
- Each report must stand alone for documentation purposes
- “No change from the previous report” leaves no findings to code
- Can’t assume the exams are

always performed a certain way
